BULLETIN

Docket No.: INS No. 02-002-AB

Date: January 8, 2002

To: All Workers' Compensation Insurers

From: Paula T. Rogers – Insurance Commissioner

**Re: NCCI's WC Advisory Loss Cost and Rating Values
Effective January 1, 2002**

The State of New Hampshire Insurance Department has approved, with some revisions, the National Council of Compensation Insurance's Advisory Loss Cost and Rating Values dated September 19, 2001 to be effective January 1, 2002.

The approved voluntary loss cost change will be a decrease on average of 6.7%.

In line with our July 1, 1995 directive, all companies writing Workers' Compensation coverage in the State of New Hampshire have to accept and use NCCI's WC Advisory Loss Cost and Rating Values.

The residual market loss cost multiplier for 2002 will change to 1.4046. If you would like to make any changes to your multiplier(s), please refile. All changes are to be effective January 1, 2002.

NOTICE

Please be advised that premium charged in the voluntary market cannot exceed the premium that would be charged in the residual market – RSA 412:10.

Please disregard this Bulletin if you do not write any Workers' Compensation coverage in NH.
